U.S. And Britain To Ignore Offer Made By Stalin

Will Pay No Attention Unless It Is Submitted In Official Form

FIRST OFFICIAL REACTION GIVEN

WASHINGTON, Feb. 1.—(INS)—The United States and Britain were agreed today that they would ignore the latest "peace bid" of Soviet Premier Josef Stalin unless submitted in official form.

This agreement was exchanged at a meeting between British Ambassador Sir Olive Franks and Charles E. Bohlen, top state department adviser on Russian relations.

The unscheduled meeting was held after Franks was instructed by British Foreign Minister Ernest Bevin to present his government's position on the Stalin statement to the United States.

The conference related to the exclusive reply Stalin made to a questionnaire sent to him by J. Kingsbury Smith, European general manager of International News Service.

Willing To Meet Truman

In his reply, the Soviet premier declared his willingness to meet with President Truman for a peace talk. He proposed a mutual non-aggression pact between the United States and Russia and also laid down a plan for ending the Berlin blockade.

Franks informed the American government that his foreign office called attention to the fact that late last week Moscow issued a white paper denouncing the proposed North Atlantic alliance and had appeared to intimidate Norway which considered joining the defense pact.

Shortly after the Stalin-Smith exchange was given an international news service it was publicized on the Moscow radio.

Given Close Scrutiny

Immediately the foreign offices of all major powers gave the questions and answers the closest scrutiny.

Britain's position was the first.

Pa New Observes

Good progress is noted in the bridge repair work at Enon Valley and contractors report the span will be thrown open to the public for travel in a few days, thus eliminating a several mile detour through New Galilee.

State Highway Department officials report that although there are some icy spots on county roads, the primary and secondary roads are all navigable. All main roads are well cindered and snow plows are working on the back roads opening places where the snow has drifted. About three and a half inches fell on Monday, according to Alfred Martin, County Highway head.

Ice skating enthusiasts about the district are keeping their eye peeled on local streams and ponds hoping that the present cold snap will remain long enough to put a three or four inch coating of ice on the bodies of water.

Owen Penfield Fox has been kept quite busy the past few days in keeping open his feeding stations for birds and other wild life which have a difficult time finding proper food when snow blankets the earth. Mr. Fox spending considerable time and energy and distributes many pounds of seed to the birds.

Births at the Jameson Memorial hospital last month, showed a gain of nine over January of last year, according to figures released today by Supt. J. F. Friedheim. There were 57 boys and 57 girls born at the hospital, including a set of triplets, two of which succumbed at birth. In January 1948, there were 104 babies born at the hospital.

Frigid Weather Extends To Gulf States In South

(By International News Service)

Frigid weather covered most of the nation today—even as far south as the Gulf states—and the sub-freezing temperatures imperiled the multi-million dollar Texas citrus and fruit crop.

Snow flurries were reported in the northern Rockies, the Great Lakes region and in Maine, but the weather bureau in Chicago predicted the skies would clear by noon.

Fair skies were evident over the rest of the nation.

Temperatures ranged from 32 degrees below zero at Big Piney, Wyo., and 16 below at Williston and Minot in North Dakota to 4 above at Winslow, Ariz., and 12 at Waco, Tex.

Freezing Belt In South

The freezing belt extended along the Texas border, through Louisiana, Mississippi and Alabama into Georgia. Although mercury readings were 10 to 15 degrees higher than yesterday in Texas.

Funds Asked By Governor Duff To Aid Housing

HARRISBURG, Feb. 1.—(INS)—Appropriation of \$15,000,000 to underwrite as much as 35 per cent of the cost of building low rental housing was recommended today by the legislature by Gov. James H. Duff.

He predicted the "gift" sum would attract \$35,000,000 from private builders who would participate in the program during the two years opening June 1. Should the federal government match or double the state's allocation, Duff said, the contribution of private builders would rise proportionately.

McKeesport Has Three New Taxes

McKEESPORT, Pa., Feb. 1.—(INS)—A pay raise to all regular city employees and three new taxes went into effect in McKeesport today.

City council approved the 1949 budget Monday night and granted a \$240 yearly pay increase to employees. The taxes include a ten per cent amusement tax, a four mill personal property levy and a two mill real estate transfer tax. Also approved was a revised mercantile tax bill which reduces the 1948 levy from 2½ mills to 1¾ mills. The wholesale rate drops from one and one-quarter to three-quarters of a mill.

New England Has 16 Inches Of Snow

A blizzard which buried parts of the New England states under 16 inches of snow and new frigid blasts which plunged the southland into deep freeze left at least 14 persons dead today in one of the most savage winters in history.

China Peace Effort Begun By Civilians

Civilian Peace Delegation Flies To Peiping From Nanking With Offer

REPORT FURIOUS BATTLE IS RAGING (BULLETIN)

NANKING, Feb. 1.—(INS)—A civilian peace delegation flew from Nanking to Peiping today to offer to the Communists a peace program which has been reviewed by Acting President Li Tsung-Jen.

The Communist radio, heard in Nanking, welcomed the peace party.

Reuters reported that a furious battle is raging near Chenkiang, a Nationalist strong point of the Yangtze river midway between Shanghai and Nanking.

(The news agency said that Chinese warships were taking part in the engagement, thought to be part of a Communist offensive to sever the vital lifeline between the Nationalist capital and the country's chief port.)

People's Delegation
The peace mission comprised the "peoples peace promotion delegation" and the "professors National Policy Research Association."

It is headed by Professor Wu Yu-Hou of the University of Nanking.

The group went to Peiping on a government-chartered China National Aviation Corporation plane to confer with Communist Gen. Yeh Chien-Ying, recently appointed mayor of Peiping.

The delegation's "peace program" has been reviewed by Li and it was assumed he approved the mission.

Last night the Communist radio broadcast a message of welcome for the "peoples delegation."

One Communist division, meanwhile, was reported to have entered

State Authority Re-creation Is Asked By Duff

HARRISBURG, Feb. 1.—(INS)—The General Assembly was asked today by Gov. James H. Duff to re-create a general state authority with power to issue bonds for paying the cost of permanent improvements.

He suggested a constitutional amendment raising the state's \$1,000,000 debt limit to a ceiling which would allow the commonwealth to borrow a sum of money equal to the proposed authority's debt and retire it with long term bonds bearing a comparative low rate of interest.

Like the amendment which the assembly adopted to raise the debt limit to \$500,000,000 for the specific purpose of paying a bonus to Pennsylvania's veterans of World War II, the proposed change would have to be adopted

Icy Highways Are Reported In Area

(By International News Service)

Western Pennsylvania highways were covered with glaze of ice today and most travel was still dangerous as the temperature dropped below freezing overnight.

The weather bureau forecast partly cloudy and rather cold today with snow flurries near Lake Erie. The low last night was 18 and the high expected for today is 30. The district's snowfall ranged between two and eight inches Monday with Blairsville reporting the maximum. Northwestern Pennsylvania had one to three inches of additional snowfall late Monday afternoon.

First Legal Test Of City Wage Tax Filed In Court

Nineteen Employees Of National Radiator Company Ask Restraining Order

First legal test of the city's ten mill wage tax was filed today in the Lawrence County court house.

Filing for themselves and "other employees in like relation", nineteen employees of the National Radiator company filed an equity suit against the National Radiator company, the city of New Castle and L. W. McClung, receiver of taxes. They ask that the National Radiator company be restrained from withholding any amounts from the pay of the plaintiffs' wages for the purpose of remitting the money to the city of New Castle.

Residents And Non-Residents

The suit sets out that some of the employees are residents of New Castle and others are residents of townships, among them Shenango.

Section 9 of the pleadings sets out "That no authority exists under any statute of the State of Pennsylvania or any ordinance of the city of New Castle by which the city of New Castle and L. W. McClung, receiver of taxes, could demand from the defendants, the National Radiator company, to withhold said one per cent levy from the wages of plaintiffs and there is no lawful authority for the defendant, National Radiator

Judge Medina Orders Witness To Be Briefer

NEW YORK, Feb. 1.—(INS)—Federal Judge Harold R. Medina—striving to speed up the "slow motion" trial of eleven U. S. Communist leaders—today ordered a defense witness to shorten his answers and stop "wandering around."

The judge's rebuke came, as Marxist Educator Prof. Doxey Wilkerson resumed the stand for the third day.

Wilkerson is giving statistical evidence designed to prove the defense contention that the federal jury system in this New York district is "illegal" because it allegedly "discriminates" against Negroes, Jews, the poor and manual laborers.

Last Of Draftees Leaves For Camp

Fifteen Are Inducted Monday Evening, Including Ten From New Castle

NO MORE CALLS FOR TWO MONTHS

Last of the draftees from the five-county area served by the U. S. army and air force main recruiting station here, were inducted Monday and left for Fort Knox, Ky., to begin their army training.

Fifteen men were accepted yesterday in the final checkup and were sent on their way, via the Pennsylvania railroad. Present to bid them farewell in addition to members of the recruiting station force, were representatives of the Catholic War Veterans post, who presented each of the recruits with a gift before departure.

Those from New Castle who were inducted included the following:

Philip A. Bovo, 6 North Cedar street.

William S. Workman, 212 Hillcrest avenue.

Robert W. Costa, 1702 Moravia street.

Fred D. Gilmore, 256 W. Falls street.

William E. Strohecker, 621 Clayton street.

Full Recognition Is Given Trans-Jordan And Israel By U.S.

WASHINGTON, Feb. 1.—(INS)—United States officials hope today that President Truman's action in granting full diplomatic recognition to Israel and Trans-Jordan will help to placate the troubled Holy Land.

Mr. Truman's announcement followed by one day the decision of Trans-Jordan to attend the Rhodes conference where efforts are being made to bring about an armistice in the Palestine conflict.

Hitherto Egypt alone of the Arab states has sat in on the Rhodes talks although Tel Aviv has been holding separate conferences with other adjoining Arab states seeking to gain a peace.

Within a very short time, Mr. Truman is expected to send to the senate the names of envoys to both Israel and Trans-Jordan. It is uncertain whether these newly named diplomats will be ministers or ambassadors.

State Budget For Biennium Is Near Billion

Huge Budget Presented To State Legislature By Governor Duff

RECOMMENDATIONS FOR NEW PROGRAMS

HARRISBURG, Feb. 1.—(INS)—Gov. James H. Duff today presented the General Assembly with a whopping \$988,196,350 budget for the 1949-51 biennium and told legislators it embraced a program for the "benefit of all the people of Pennsylvania."

He presented his recommendations to a joint session of the house and senate in a half hour address broadcast over a statewide radio network which started at 1 p. m.

He called for a \$15,000,000 state subsidized low rental housing program, \$151,000,000 for relief and re-establishment of a general state authority with power to issue long term bonds to finance vast permanent public improvements except highway building.

Gas Tax Increase

The governor demanded re-enactment of all current taxes and a cent a gallon increase in the four cents gasoline tax to collect an additional \$40,000,000 to help underwrite a \$200,000,000 highway improvement program during the biennium.

An additional \$40,000,000 should be made available, he told lawmakers, under a highway authority with bond-issuing power.

Should the assembly follow Duff's recommendations and legislate a cent a gallon gas increase the Commonwealth's budget for the next biennium starting June 1 would top the billion dollar mark for the second successive two year period. In the expiring biennium, Duff reported the budget covered \$1,019,678,381.

The governor said the general fund for 1949-51 would amount to \$895,218,980 while the motor license fund would cover \$282,289,951. The balance of appropriations making up the total budget would be spread through fish, game, banking, milk control and state farm show funds.

In the expiring biennium, the motor license fund added up to \$317,054,000 while the special funds made up the total budget for the period of \$1,019,678,381.

Low Cost Housing

Duff advised assemblymen that Pennsylvania must accept some of the responsibility for building low cost housing with the aid of private builders. The \$15,000,000 would be poured into the commerce department's state planning board.

To finance initial interest on the proposed \$500,000,000 veterans bonus, which still must be approved by a majority of the electorate, the governor called for allocation of \$7,500,000 for the next biennium.

"This assumes," stated a supplemental budget message given lawmakers, "that the first payments on

Announce Rules For Teacher Fellowship

Rules governing the conduct of the Teacher Fellowship sponsored jointly by The New Castle News and the Pennsylvania State college were announced today. They also appear in full on page 9 of today's issues.

The award, made known yesterday, is for the purpose of sending to Penn State's summer session a school teacher in Lawrence county who has made an outstanding contribution to community education.

This award, the rules make plain, is not for the purpose of selecting the most outstanding teacher, which was termed an "impossibility," but to select an excellent teacher who represents all good teaching.

Who is eligible for the fellowship? Anyone who is now teaching in the aforementioned area and who possesses a valid teaching certificate in Pennsylvania.

What does the fellowship provide? An opportunity to study at Penn State's summer session with

Only seems like a week when the summer vacation was done, and the kids were through with their hikes and swims and the long day's schedule of fun. Only seems like a week ago since the first day of school was on, and here it is with the winter half done and the first semester is gone. And another week or so it will be summer again, hey, hey, for the woods and fields and the cool clear pond, and it's 34 today.

**JUNIOR GUILD HAS
JANUARY MEETING**

Junior Guild of the Jameson Memorial hospital met in the Nurses Home, Monday afternoon, for their regular monthly meeting. There were 70 members present.

Tea was served, after which Mrs. Travis A. French, president of the Guild, presided over the business meeting. Eleven new members were then introduced by Mrs. James Crawford, chairman of the membership committee. A report was heard from the sewing committee and it was announced that there will be sewing every Thursday, from 10 a. m. to 3 p. m. at the Jameson Memorial Hospital Nurses Home.

Treasurer of the Hostess Shop reported on the continued success of the shop and the chairman of the shop and the chairman of the Hostess Shop committee announced that volunteers to serve in the shop have been scheduled for the next four months. Schedules were then given to each member and the meeting adjourned.

FINE ARTS GROUP**ENJOYS PROGRAM**

Members of the Fine Arts department of the Woman's club were entertained Monday afternoon at 2 o'clock in the home of Mrs. A. H. Borland, of 116 Englewood avenue.

The delightful program presented featured Mrs. Ross Rosenberg, as soloist, and Mrs. Helen McCommon King, who gave two dramatic readings.

Mrs. Rosenberg sang two groups of songs, the first consisted of two German numbers, "Ich Liebe Dich," by Grieg and "Wiegenlied," by Brahms. The second group was made up of "The Rose Has Chained the Nightingale," by Rinsky Korsakoff, and "The Lass With the Delicate Air," by Arne.

Mrs. King presented one serious reading, "The Keeper of the Light," by Henry Van Dyke, and a lighter one, "Dat Leetle Box," by Wilson McDonald, which was done in French-Canadian dialect.

Tea was served by Mrs. Donald R. McFall and her committee, which consisted of: Mrs. Harold Philpott, Mrs. Earl Ruby, Mrs. Fred Alexander and Mrs. E. P. McNamara. Mrs. C. R. Brenner, president of the Woman's club, poured at a table, beautifully appointed in the valentine motif.

The next meeting of the Fine Arts department of the Woman's club will be in March.

**JOLLY TEN CLUB
HAS ANNIVERSARY**

In a local tea room, members of the Jolly Ten club, gathered on Sunday evening, to celebrate the third anniversary of the group.

A full course dinner, with all the trimmings was served, by candlelight. An anniversary cake graced the table, with nice decorations. Mrs. James Gallucci and Mrs. Mary Covelli were in charge of arrangements.

The group adjourned to a theater party, followed by a singing and dancing period at a local hall. There were vocal solos by Mrs. Dan DePolio and Mrs. Joseph Dusso. The orchestra played a special anniversary selection.

Next meeting on Thursday, February 3, at the home of Mrs. Charles Venditto, 810 South Jefferson street. The birthday anniversary of Mrs. B. J. Biondi will be celebrated.

Graduate is Feted

Saturday evening, a party was given at the Green Room of the Y. W. C. A. for Anthony L. Iannucci who was graduated from the University of Pittsburgh on Thursday, January 27, as a mechanical engineer. The party was given by his wife, the former Gloria Ludovici.

The honoree received many beautiful gifts.

Out of town guests included Mr. Iannucci's parents, Mr. and Mrs. Felix Iannucci and their son Ronald of Rochester, New York; Mr. and Mrs. Henry Ludovici and family of McKees Rocks, Pa.; Mr. and Mrs. Harry Sarbo and family, and Thelma Wampler of Trafford, Pa.

Mr. Iannucci began his work with the Alloy Manufacturing Co. of Pittsburgh, Pa. on Monday, January 31, 1949. He is in the estimating department of the company in the capacity of an estimating engineer.

Rebecca Girls Meet

BARRETT-DICARLO**MORNING WEDDING**

A lovely winter wedding took place Monday morning, January 31, at 9:30 o'clock in St. Joseph's church, uniting in marriage Miss Rosemary Bridget Barrett, daughter of Mrs. James F. Barrett, Sr., of 231 Northview avenue, and Calvin DiCarlo, son of Mr. and Mrs. Samuel DiCarlo of 315 Phillips street. Rev. Fr. Cornelius H. Becker officiated before a large gathering of friends and relatives.

The bride, given in marriage by her brother, James F. Barrett, Jr., was lovely in a toe length wedding gown of embroidered taffeta and velvet, fashioned with cape shoulders over long tight fitting sleeves pointed at the wrist and buttoned at the elbow. Her velvet bodice was styled with a high peter pan collar and buttoned to a nape at the waist, over the bouffant skirt of embroidered taffeta. Her chapel length, three-tiered veil of scalloped tulle fell from a crownless poke bonnet of white velvet and she carried a colonial bouquet of white gardenias.

Miss Alice DiCarlo, sister of the groom, as maid of honor, wore a gown of American Beauty red velvet, styled with a boat neckline ending with bows at the shoulders over cape sleeves. The bodice was tight fitting to the waist and the skirt fell full over padded hips. She wore wrist length mitts and a crownless poke bonnet, both of the same material as the gown and carried a colonial bouquet of American Beauty red roses centered with white mums.

Carl Cialella, Jr., served the groom as best man and the ushers were Ted and Edmund DiCarlo, brothers of the groom.

Music was provided by Miss Clara Duff, church organist.

Immediately following the ceremony there was a wedding breakfast served to the bridal party in the home of the groom's parents. A wedding dinner was served in the dining room of the New Penn hotel at 1:30 for 30 guests and a reception was held in the evening rooms of the hotel.

The newlyweds left for a wedding trip to Harrisburg, and upon their return will reside at 316 Maryland avenue, Pittsburgh.

Mrs. DiCarlo is a graduate of New Castle high school and was formerly employed in the safety office at the Johnson Bronze Co. Mr. DiCarlo is a graduate of New Castle high school and after spending 22 months in the U. S. infantry, 16 months of which were spent in Korea and the Philippines, is now enrolled as a student at the University of Pittsburgh.

Mademoiselle Club

Members of the Mademoiselle club, were entertained at the home of Mrs. Ann DeCaprio, of East Lutton street, recently.

At the business session, the following officers were elected: Mrs. Victoria Ascione, president; Mrs. Betty Pezzone, vice-president; Mrs. Violet Sansosti, reporter.

Cards were the pastime of the evening, with the prizes being captured by Mrs. Catherine DeCarlo and Mrs. Fortuna.

Next meeting on February 9, at the home of Mrs. Catherine DeCarlo, 517 East Lutton street, at eight o'clock.

Ching Opposes Proposed Shift Of Mediators

Brings Inter-Administration Quarrel On Labor Measure Into Open Today

WASHINGTON, Feb. 1.—(INS)—A top government labor official today brought an inter-administration quarrel into the open by opposing transfer of the federal mediation service back to the jurisdiction of the labor department.

Cyrus S. Ching, mediation service director, went before the Senate Labor Committee to condemn this key feature of the Democratic substitute for the Taft-Hartley law with which Labor Secretary Tobin said President Truman "is in full accord."

The 72-year-old mediator told the committee concerning the proposed shift of his agency to Tobin's supervision.

find that candor and devotion to the public interest require that I say to you that such action will seriously damage the effectiveness of government mediation.

"It would be a step backwards in the terribly important job of strengthening our industrial democracy by promoting sound practices and usages of collective bargaining and minimizing and preventing labor disputes."

Ching testified before a committee split among party lines over whether the proposed administration law, which restores the Wagner Act, has enough "teeth" to deal with major strikes.

The mediation director confined his remarks, however, to the status of the government's labor disputes conciliation arm.

Ching said he had no desire to impugn the loyalty or devotion to duty of Labor Secretary Tobin or any of his subordinates but he declared his conviction that "mediators be in an independent agency."

FUNDS ASKED BY GOVERNOR DUFF TO AID HOUSING

(Continued from Page One)

ly. Average rentals of \$50 a month for units of a size which he did not specify were predicted by Duff.

"If the government makes use of it means a \$100,000,000 program," he declared, "and if they double it the sum would be \$200,000,000."

Into Private Construction

The state's subsidies, should they be sanctioned by the legislature, would be poured into private construction at the rate of 25 to 35 per cent of the total building cost, the governor said in a budget conference prior to his address to the legislature.

"I'm advised, on the basis of \$15,000,000 plus what the federal government may make available and plus ordinary construction, that we'll have all that can be done in the next two years, due to the shortages of materials and labor," Duff declared.

A special non-partisan committee representing citizens, labor, veterans and industry would be named to accept bids for subsidies, fix rentals and the grade of construction and choose locations for dwellings, according to the governor.

The Red procession into the historic city in North China was said to have been led by a large portraiture of Mao Tse-tung, top Communist leader.

Reports reaching Nanking stated that additional Communist troops were to enter Peiping during the next 48 hours.

The peace mission winged its way to Peiping as Acting President Li, the sole top official of the crumbling Nationalist government, to remain in Nanking, renewed his plea that the Communists open peace talks immediately.

by two separately elected legislatures and then approved by a majority of the electorate. A separate highway authority was also proposed by Duff.

Money to retire authority bonds would come from rentals on the permanent improvements to state institutions, including hospitals and colleges, and the Schuylkill river.

Stolen Station Wagon Is Found Afire On Road

Wilkinsburg Car Damaged By Fire On Harlansburg-Neshannock Falls Road

Pontiac station wagon, owned by Woodrow Neservey, of Darrah, Pa., was damaged by fire badly at 1:45 a. m. today on Route 956, the Harlansburg-Neshannock Falls Road.

The motor vehicle was stolen from in front of a Wilkinsburg hotel between 6:30 p. m. and 8:30 p. m. Monday.

According to State Police, who called Hickory Township firemen, who fought the blaze, Mr. Neservey went into the Wilkinsburg hotel at 6:30 p. m. When he left two hours later, he found his car stolen.

The fire was discovered by Mrs. Gladys Weaver, Volant, R. D. 3. The "wagon" which was blazing, was only 15 feet from her home. She telephoned to state police.

The firemen fought the blaze for some time and when extinguished, the body of the vehicle was largely destroyed.

STATE BUDGET FOR BIENNIAL IS NEAR BILLION

retirement of the bonds will not occur before the 1951-53 biennial period," Duff said.

The bonus, which is not a budget item except for interest, will be paid with money derived from bonds sold to private investors' syndicates.

The relief recommendation reflected a \$15,210,000 tilt in the department of public assistance regular appropriation and included extension of the \$10,600,000 deficiency allocation for the expiring biennium. Increased operating costs plus higher relief grants forced an increase in the biennial allocation.

Estimates For Biennium

HARRISBURG, Feb. 1.—General fund estimated revenues and recommended appropriations for the 1949-51 biennium opening June 1 were pictured today for legislators by Gov. James H. Duff.

In "pie charts" given each assemblyman with budget recommendations, the biennial income picture including fund accumulations was:

Taxes on Corporations	\$230,150,000

losses in the hundreds of thousands of dollars as ice blanketed the area following the state's heaviest snowfall since 1933.

Snow measuring up to eight inches in depth in Louisiana endangered the state's valuable strawberry crop.

Jacksonville, Fla., reported temperatures of 48 degrees, but Apalachicola on the gulf of Mexico recorded only 43.

Sub-Normal Weather

Southern California also was experiencing sub-normal weather with the mercury reading 42 degrees at Los Angeles, while in Nevada and Utah the thermometer hit from 5 to 8 degrees above zero to 5 to 10 below.

Atlanta, Ga., was returning to normal after rain and sleet knocked out light and power service for three hours.

Transportation in the southern states was crippled as the region got its first taste of the bitter winter weather which has caused so much havoc in California, the Pacific northwest and the Rocky mountain and western plains states.

New York Snow Disappears

In the midwest, the temperature hovered around 10 to 15 degrees above, except for the lower readings in the upper plains states.

Snow which fell to a depth of four inches in New York disappeared during the night except for patches, as sleet and rain followed the fall.

Meanwhile, the army threw virtually all its resources into breaching the snow-clogged roads in the western plains states—particularly Nebraska. Bulldozers were smashing through high drifts in an effort to reach residents who have been snowbound for weeks, and whose food supplies are running low.

City workers are engaged to-day in moving the accumulations of snow from the curb on the downtown streets in order that motorists may park properly. The city trucks were depositing the loads of snow in the Neshannock creek. Downtown alleys were also being ashed.

While most residents about the city have cleaned the snow from their walks, there are some who have never bothered to remove the several inch deposit from the walkways. In many places, the snow has frozen into ice and dangerous conditions exist. Some nasty falls may result due to the glossy surfaces.

official foreign reaction given to the state department. The British response appeared to be influenced by a fear that the United States and Russia might undertake some separate agreement.

President Truman reiterated his long-standing position, however, that he would be glad to meet with Stalin at any time, but only in Washington.

Mr. Truman has made it plain to his advisers that he will not negotiate separately with Russia. He insists that any settlement be made through the United Nations or the Council of Foreign Ministers.

The president is willing to meet with Stalin in Washington for mutual discussions preliminary to a four-power peace conference.

Good News For Folks Who Suffer From

✓ STOMACH GAS
✓ SOUR FOOD TASTE
✓ ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here now you may get blessed relief from this nervous distress.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-flow stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—will give a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so desire is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

ANNOUNCE RULES FOR TEACHER FELLOWSHIP

(Continued from Page One)

tuition, room, board, transportation, and books to the extent of \$15 all provided without charge.

Teachers become candidates in two ways: They may apply themselves; or they may be nominated by the local and county branches of the PSEA (Pennsylvania State Education association). Application forms may be obtained in a few days from the chairman of the Selection committee.

In commenting on the rules, Dean M. R. Traube, of Penn State's School of Education, said:

"In order that no worthy candidate is overlooked, may I urge that school teachers who have made outstanding contribution make application. I know well how modest they are, and I believe in this instance that they owe it to themselves."

He added that the PSEA was being asked to cooperate in the selection so that "a conscientious effort may be made, by the teachers' representatives themselves, to bring community attention to good teachers and good teaching."

The successful candidate will be chosen by a local selection committee which will base its choice on an "Inventory of Good Teaching" prepared by educational authorities on the college campus.

Civic leaders, parents, and others interested in candidates, Dean Traube asked, might urge teachers to apply or recommend them to the PSEA.

Unionized Bakery Workers Strike

Bread Shortage Looms In Six Northeastern Counties Of State, 175 On Strike

SCRANTON, Pa., Feb. 1.—(INS)—A bread shortage loomed in six northeastern counties of the state today as 175 unionized bakery workers struck in seven companies for the first time in 31 years.

The strike, bracketing driver-salesmen, helpers and mechanics affected over 500 inside workers, members of the AFL Bakery and Confectionary Workers, who refused to cross picket lines.

'Vote Walk-Out'
The strikers, members of Local 229, of the General Drivers and Helpers Union, voted to walkout for higher wages yesterday morning despite last-minute attempts by Federal Conciliator Thomas F. Martin to postpone the action.

Union leaders said hospitals and other institutions would continue to be served with baked goods from plants outside the Scranton area.

Closed by the strike are the Williams, Spaulding, United, Blue Ribbon, Gold Medal, Old Home and Sheuer's bakeries. The seven companies supply 75 per cent of the baked goods in Lackawanna county and areas in five neighboring counties.

Contract negotiations were stymied when the union demanded a \$5-a-week increase for driver-salesmen, whose base pay is \$15 weekly, plus 10 percent commission on all sales.

THE PARENT PROBLEM

(Continued from Page Four)

an expert mechanic, whether such be required by law or not; and that the son shall have driving and ownership licenses and liability insurance. Unless the father can be sure he can count on his son to abide by all such requirements and to drive carefully and observe all traffic rules, he won't let this son begin to repair or rebuild a jalopy.

Problem Will Increase
As new cars become more plentiful this jalopy problem will rapidly increase. Many old cars still will be bought by boys out of their first earnings. Consequently, an increasing number of accidents with these jalopies, not to mention the increase of innocent victims at their mercy.

There should be, of course, stricter legislation in most states, requiring periodic inspection, and regulating the use of cars. But the first responsibility is to parents. Let them enforce regulations above the law.

No parent who really cares about the safety of his fellows will sign papers permitting a minor son or daughter to secure an ownership or driver's license unless he has very good reasons to feel sure this youth will be extremely careful with the car.

WASHINGTON CALLING

(Continued from Page Four)

validating property titles, putting out fires and arresting burglars. The principle of individual initiative is a good one, but the utilitarian doctrine of the greatest good to the greatest number, or that of subordinating the individual to the public welfare, has an equally honorable place in our society.

The audience that heard this had just wildly applauded the booming emptiness of Sen. Kenneth Wherry's oratory. It was hard to tell whether they were listening to the earnest young governor. When Peterson sat down, toast-master Wherry turned to introduce Sen. Homer Capehart of Indiana as "a real Republican who talks like a Republican."

He may not have meant this as a slur on the governor of his state, but to some in his audience it sounded that way. As the old slogan has it, you pay your money and you take your choice. In recent years the American people have been putting their money on those who seem to have at least some sense of the realities of the mid-twentieth century.

Court House**Hunting License
Total At New High**

Treasurer Collects \$24,105.80—Several Thousand Licenses Sold In Addition

**OTHER EVENTS
IN COURT HOUSE**

Apparently 1948 set a new high for hunting licenses issued in Lawrence county.

A total of 4894 residents and non-resident hunting licenses were issued by the county treasurer and this is only part of the grand total. One alderman issued over 1,000 and if the totals from other agencies in the county were known it is probable there were 8,000 or 9,000 licenses sold during the year.

In the county treasurer's office, 3,794 resident licenses were issued at \$2 each, a total of \$7,588. Of this county kept \$379.40 for collection. There were 1,100 non-resident licenses issued at \$15, a total of \$16,500 of which the county kept \$275. There were 18 replacements of licenses lost, at ten cents each, a total of \$1.80 of which the county kept \$16.20. A total of \$24,195.80 was collected of which the county kept \$656.20, leaving a net of \$23,449.60 to the state.

There were 2,190 resident fishing licenses issued at \$2.10 each. Of the total, 23 were free licenses. The total collected was \$4,599 of which the county kept \$219.

There were 397 non-resident licenses issued at a price determined by what the particular state charges Pennsylvanians. A total of \$1,341.30 was collected of which the county kept \$39.70. There were 765 day licenses issued at \$2.10 and 18 duplicates.

The treasurer collected a total of \$6,110.70 of which the county kept \$268.10, a net of \$5,842.60, to the state.

There were 10,429 individual dog licenses issued, 43 kennel licenses for less than ten dogs each and 2 kennel licenses issued for kennels of over ten dogs. A total of \$15,161.80 was collected of which the county kept \$10,568.80, a net of \$4,593 to the state. There were 747 gun permits issued and 3 subscriptions sold to the Game News.

**Communist Leader
Says World Peace
Is Now Up To West**

BERLIN, Feb. 1.—(INS)—Wilhelm Pieck, German Communist leader, said today Premier Stalin's statement on peace "thrust the responsibility for world peace and German unity squarely on the shoulders of the west."

It was the first Communist reaction in Germany to Stalin's peace statement made in answer to questions by J. Kingsbury Smith, European general manager of International News Service. Pieck said:

"The Soviet Union once again has demonstrated that it is striving for a solution to German problems and the Berlin blockade which was forced by the west as part of split tactics aimed at the continued subjugation of Germany."

**Cruise On Midway
For Naval Reserves**

Atty. Walter A. Keller, commandant's local representative, announced today that a training cruise during the period March 20 to April 2 is now available for all

naval reservists, particularly those in the V-6, inactive classification.

The cruise will be conducted on the USS Midway and personnel assigned thereto will embark and disembark at Norfolk, Va.

All requests for this cruise must be received by the commandant's director of training by February 25. Further information about the cruises can be obtained at the Post Office building, room 204, where a team of special recruiters is on hand every Thursday evening between the hours of 7 and 8 o'clock.

Mr. Keller further stated that not only former naval personnel are eligible for the V-6 program, but any person between the ages of 17 and 36, regardless of military service, may enlist.

A recent Navy directive has been received locally stating that former WAVES can now re-enlist in the V-6 inactive reserve.

**Congress May
Delay Action On
Big Tax Program**

WASHINGTON, Feb. 1.—(INS)—House Speaker Rayburn (D) Tex., revealed that Congress may postpone action on President Truman's tax increase program for several months.

Rayburn indicated at a news conference that he advised the President of the possible delay at this morning's White House conference with congressional leaders.

The President asked for a four billion dollar tax increase in his January State-of-the-Union message. He urged speedy action, but

the tax-writing House Ways and Means committee put extension of the Reciprocal Trade Agreements Law, also on the President's program, as first on its agenda.

PERMITS TO BUILD

City bureau of building has issued building permits as follows: L. A. Haug, remodel brick storefront (Winters) 210 East Washington street, estimated cost \$10,000, and Ivor V. Davis, one-story concrete block storeroom, estimated cost, \$6,500.

**Motion Picture Men
Gravely Perturbed**

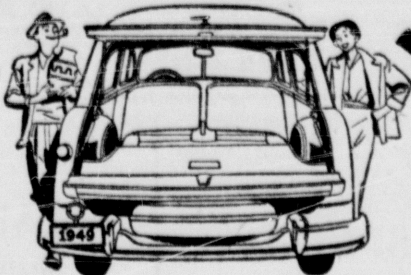

NEW YORK, Feb. 1.—(INS)—Two motion picture officials claimed that the film industry is seriously challenged by declining theater attendance, increased production costs and lower income from abroad.

J. Cheever Chowdin, and N. J. Blumberg, executive of Universal

International Pictures Corp., said last night they have found "reassurance" in the way the motion picture industry is attacking its problems.

Chowdin and Blumberg declared in Universal's annual report that "it is reasonable to believe, as in the case of radio, some form of collaboration between television and motion pictures will develop."

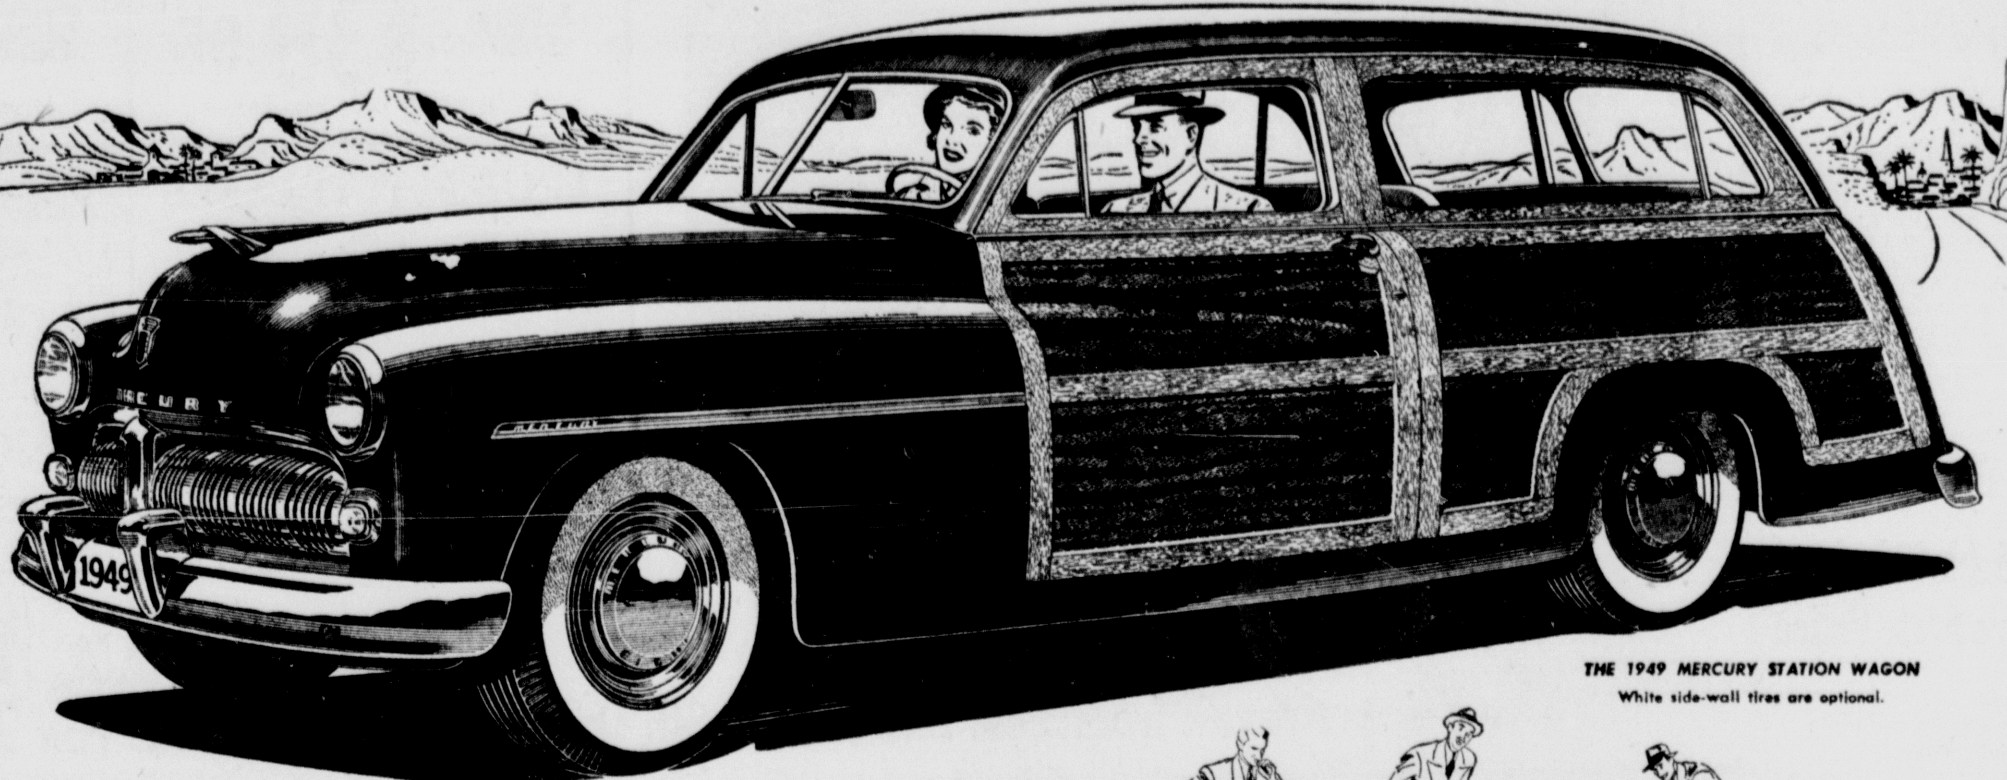

An estimated one million persons in the U.S. suffer some form of speech defect.

Retiring Trustees Given Testimonial

J. M. Yates, George Meyers, and Maurice A. Boyd of Mahoning Methodist Are Honored

On Monday evening, at a local tea room, members of the board of trustees of Mahoning Methodist church, and their wives gathered at 6:30. The occasion was in honor of George Meyers and J. M. Yates, retiring trustees of the church, who had served on the board for 43 years. Mrs. Meyers, Mrs. Yates, and Rev. and Mrs. J. L. Petrie, were also honor guests.

A sumptuous chicken dinner, with all the trimmings was served. Rev. Petrie gave the invocation. Maurice A. Boyd was the efficient toastmaster.

Leonard Blasdel, church lay leader, presented lovely gifts of remembrance to Mr. Meyer and Mr. Yates, and also to retiring board president, Maurice A. Boyd. The three responded graciously, thanking all for their kindness, and glad they were privileged to serve the church in this capacity, for so long a period.

There was an open forum for all present, with a lot of reminiscing on progress of the church from its erection, to the present time.

Have Youth Rally At Madison Church

At Madison Avenue Christian church, on Monday evening, there was a youth rally of the Christian churches of this area, which included representatives from Mineral Ridge, Corner House church, Hubbard, Ohio, Meadville, and the local church.

Robert Stevenson was in charge of the service. Robert L. Smelser, the pastor, opened the meeting with prayer. There was group singing led by Mr. Stevenson.

Ralph Pratt of Meadville, was the speaker of the evening. The topic of his address was "The Four Classes of Lost People. In Comparison With The Followers of Christ" which was well received.

Robert Palmer, pastor of Mineral Ridge church, dismissed with the benediction.

The group adjourned to the dining room for a social period. Several games were played, followed by a tasty lunch, and group singing.

Committee of arrangements was Misses Maxine Tackitt, Jackie

Cearfoss, Verda Lou Blanton. Entertainment committee, Ted Park, Jack Park, and Carl McConnell.

All joined to form a Friendship Circle, and the pastor of Corner House church, pronounced the benediction.

Mrs. Louis Ezzo of Montgomery avenue, has received word from her parents, Mr. and Mrs. James Lambert of Abington, Ill., saying of the large amount of ice and snow, and very cold weather in their district. That they are somewhat penned in, with the roads filled with snow.

Miss Mae Douglas, daughter of Mr. and Mrs. Alec Johnson, 311 Newell avenue, has been returned home from Jameson Memorial hospital, and getting along as well as can be expected. Miss Douglas suffered a fractured ankle on Saturday afternoon, when she slipped and fell on the sidewalk.

This evening, the Maing club will be entertained in the home of Mrs. Robert Pearsall of 337 East Washington street, at 8 o'clock.

Senior Girl Scouts Troop No. 1 will meet at the Chapter House of Red Cross society, North Beaver street, Wednesday evening, at 7 o'clock. Mrs. Plummer Gibson, instructor.

First free school textbook statute was enacted by Massachusetts in 1884.

To See Shadow Wednesday?

When February comes, around everyone talks about groundhog day, and wonders if the rodent will see his shadow on February the second when he emerges from his underground burrow. If by chance the sky is light enough to cast a shadow the small hibernator will drop back in his den and winter will grip the land for another six weeks, or if the drowsy woodchuck or American Marmot looks upon a murky outdoors and does not see his shadow, spring is on its way.

In reality Groundhog day comes from an old superstition that was brought to this country from England by the Colonists, because of the age old belief that clung to the European Hedge hog which somewhat resembles our groundhog.

The myth that is woven around the groundhog and his ability to gauge the end of winter is like the ill omen, that the dragon fly which darts about in the summer pierces the ears of boys and girls, which is not true.

The groundhog is not a weather prophet and has no power over the weather and when winter is to end, he is just a rodent that denned up in the earth in the fall, and went to sleep because the frosts had killed his food, and after his winter nap is over, he returns to a summer of feeding and has nothing to do with the weather, however the wide publicity the groundhog gets on February 2nd, reminds every one that spring is on the way.

Catholic Veterans Drive Is Under Way

Seventh Ward And Hillsville Are Districts For Drive Concentration

Full cooperation from all parishes in the county has been extended to the New Castle Catholic War Veterans during their membership drive, which is now underway. Twenty new members were welcomed Monday evening.

At a meeting conducted Monday evening, in the K. of C. hall, 349 1/2 East Washington street, Commander Edward DeCarbo made both announcements. Rev. Fr. Albert M. Inteso, assistant pastor of St. Vitus church opened the meeting with prayer.

This coming Sunday, representatives of the Veterans will meet in St. Lucy's church, with Rev. Fr. Sebastian Ippolito, and plans regarding new members from that church will be discussed. On Monday, February 7, the Veterans will be at St. Lawrence church, Hillsville, at a special meeting called by Rev. Fr. Fabri, regarding the drive.

Last evening the Veterans gave parting gifts to the inductees who departed for service at 8 p. m. Tony O. Cooper was in charge, and other representatives were also present.

Commander Edward DeCarbo called on the various committees to give reports for the past commander's banquet, scheduled for April 23, at the Cathedral, at 6 p. m. General chairman selected for

the event is Francis Davis, of St. Mary's church.

At the close of business, tasty refreshments were served by James DeCarbo. February 14, is the next meeting in the K. of C. hall.

C.S. club members met at the home of Bessie Fitzhugh, Elm street, recently. The evening was spent in sewing. The hostess served a dainty lunch. The next meeting will be at the home of Sallie Guillaume, State street.

Shiloh Baptist congregation, Campbell, O., will have a joint communion service with members of St. Paul's Baptist church Sunday, February 6, when Rev. Boyd D. Hinton will speak in the local church. Devotions will be led by the B.T.U. and junior church at the old-fashioned covenant meeting.

POETRY GROUP TO MEET AT LIBRARY

Members of the Poetry Group will gather for their Appreciation Meeting Wednesday evening at 7:30 in the New Castle free public library, instead of in the home of Mrs. John Ingham, Neshannock boulevard, as previously announced.

Everyone interested in writing poetry or who enjoys just hearing it is welcome to attend this meeting.

A veto by the governor of South Dakota does not apply to laws passed by popular vote.

Please, No Cent And Half Stamps

Postmaster William R. Hanna today again called the attention of the public to the fact that there just "ain't" any more cent and a half postage. These stamps went out last month, and all unsealed matter, which formerly went for a cent and a half, now requires two cents in postage. In spite of this fact, folks are still mailing matter with only one and a half cents worth of postage on it.

The folks receiving the matter addressed to them have to pay the other half cent, or in case of mail going out of town, it is necessary to send the sender a card, informing them that the mail is being held up awaiting the payment of the other half cent.

RE-ENLISTS IN ARMY

Sgt. Edward J. Augustine, son of Mrs. Jennie Augustine of 812 E. High street, spent the past week end with his family in New Castle.

Sgt. Augustine, who re-enlisted last August, has already spent five years in the U. S. Army Medical Corps, three of which were spent overseas.

Sgt. Augustine is now stationed at Fort Meade, Md., where his wife and child, who are now residing in Girardville, Pa., will join him to make their home in the near future.

Oregon was the first state to tax gasoline, beginning in 1919. The rate was one cent a gallon.

Former New Bedford Resident Is Dead

Mrs. Isaphine Wortman Garl, aged 65, of 427 West State street, Sharon, died at 10:55 p. m. Monday in Buhl hospital, Sharon, following a short illness. She was the widow of Herman E. Garl, who preceded her in death June 21, 1947.

Mrs. Garl was born in New Bedford February 6, 1883, a daughter of Martin Luther and Catherine Kaufman Wortman. She was a member of the First Presbyterian church of Sharon, president of the Republican Women's Council, the Eastern Star, the Garden club of Sharon and the P. A. Jones class of the First Presbyterian church of Sharon.

Surviving are one daughter, Mrs. David McClintock, Sharon; one son, Paul Garl, Dormont, Pa.; six grandchildren; two sisters, Mrs. Evelyn Smith, Pittsburgh, and Miss Sara Wortman, Youngstown; two brothers, William and George Wortman, New Bedford.

Funeral services will be conducted Thursday at 2:30 p. m. from the L. Trevor Sample funeral home, East State street, Sharon, with Dr. William R. Wishart officiating. Interment will take place in Hillcrest cemetery, Sharon.

Friends will be received at the funeral home this evening from 7 to 9 o'clock and Wednesday from 3 to 5 and 7 to 9 p. m.

Rules Governing News Teacher Fellowship

1. **The Award.** An all-expense paid fellowship to the main summer session of the Pennsylvania State college, providing tuition for six credits, room, board, and an allowance of approximately \$15 for books.

2. **Purpose.** The purpose of this fellowship promotion is not to attempt to single out the outstanding teacher, which is an impossibility, but to select for the award an outstanding teacher who symbolizes all good teaching.

3. **Eligibility.** Anyone is eligible who is now teaching in Lawrence county and possesses a valid teaching certificate in Pennsylvania.

4. **How Application Is Made.** Applications may be submitted in two ways: (a) Each teachers' professional organization, such as the city and county branches of the Pennsylvania State Education association in Lawrence county may nominate teachers for the fellowship by filling in application blanks available in a few days from the chairman of the Selection committee; (b) Or any teacher may fill in an application blank. In either case it must be returned to the Selection committee.

5. **How Many Applications?** Each teachers' professional organization may nominate as many teachers as is desired, but the recommended number is a maximum of one teacher for every 50 in the area represented by the organization.

6. **Application Letter.** To each application form, the teachers' professional organization should attach a letter of not more than 200 words describing the contributions made to school and community by

the teacher nominated, plus any special reasons why the nominee is considered an outstanding teacher.

7. **Closing Date.** The application forms, with letters, must be returned to Dr. F. L. Burton, city school superintendent, by March 18.

8. **Method of Selection.** The successful candidate will be named by the Selection committee charged with that duty. Selection is based upon the application blank and other information which relates to teacher qualifications prepared by the School of Education at Penn State.

9. **Successful Candidate.** The successful candidate will be informed by the Selection committee and a public announcement made April 4. An alternate candidate also will be named and, in event of default by the original candidate, will receive the fellowship. Credentials of the successful candidate must be approved by the Summer Sessions office at Penn State.

Teamsters Local Members Will Have Insurance

Effective February 1, all members of Teamsters Local 261 will be covered with death and accident insurance.

Alfred J. Mascaro, president of the local announced today that a policy covering all members had been entered into with the Union Life Insurance company, the insurance branch of the American Federation of Labor.

In a survey conducted of the 650 members of the local, it was found 67 percent were not insured, 85 percent either had none or were at an age they could not afford more.

President Mascaro and Secretary-Treasurer William Greer presented the idea to the local, and it was passed. The policy provides a \$500 death benefit, \$500 for loss of both limbs or both eyes, \$250 for loss of one limb or one eye.

Local 261 covers all union truck drivers in Lawrence, Mercer and Beaver counties.

Capping Exercises At New Castle Hospital Feb. 27

Will Be Open To Public For First Time Is Announcement By Hospital

Capping exercises of the New Castle Hospital School of Nursing will be open to the public for the first time when they are held the afternoon of Sunday, February 27.

A general invitation has been issued by Sister Lawrence Mary, director of the school. The ceremony will be held at the Benjamin Franklin school, with Mr. John Maher, chairman of the School of Nursing council, presiding.

Twenty-four members of the nursing class which started last September are candidates for capping. The exercise marks the successful completion of the six-month pre clinical period which is required before students may wear uniforms.

An address is scheduled to highlight the ceremony with the speaker to be announced shortly. There will be a reception for nurses and guests at the Nurses' Home following the ceremony.

Smith Suggests Truman-Stalin Meeting In Vienna

PARIS, Feb. 1.—(INS)—J. Kingsbury Smith, European general manager of International News Service, who obtained an exclusive statement from Premier Stalin, suggested today that Stalin and President Truman meet in Vienna for a personal conference.

Smith made the suggestion in a radio interview with Leon Pearson, NBC correspondent in Paris, who hailed his statement from Stalin "the best of the year."

Pearson asked Smith if he thought Stalin would go to Washington to confer with the President. In his answer to Smith's questions, Stalin said he has no objection to meeting the U. S. chief executive.

Smith said he did not think Stalin would go to Washington but added: "I think a good place would be Vienna. That is under four power control. It was there that lasting peace in Europe was established once before."

Calls On Stalin For Action, Not Merely Promises

LONDON, Feb. 1.—(INS)—The London Evening News called on Premier Joseph Stalin Monday to transform into action his professed desire for peace.

Commenting on Stalin's answers to an International News Service questionnaire, the News said: "His words are not in themselves important. He can show his sincerity in a dozen different ways by practical action."

"But the world is likely to wait in vain."

The Evening Star said: "The world takes a wait and see attitude."

"Western Europe must organize swiftly. A deal with Russia on a realistic basis then would be possible."

Sometimes we feel like the Belle of the Town

Remember the belle of the town in the old melodramas? We always envied her. Her life, we thought, was pure happiness—one joyous moment after another.

Now we know better. She, too, had her troubles.

You see, for some time now, we've felt like a belle ourselves.

We handle the most wanted car in the world—Chevrolet. Over the past 18 years Chevrolet has sold more cars and trucks than any other manufacturer.

True to the obligation imposed by such popularity, Chevrolet has delivered half a million more cars and trucks, since the war, than any other manufacturer. Chevrolet was first to deliver a million cars and trucks in a post-war year.

Still more folks want Chevrolets. So we've been wooed as ardently as the belle of any melodrama.

Far be it from us to say there is not a certain satisfaction about having a surplus of proposals. On the other hand, we have a new appreciation of the problem the belle faced when she had to put off some of her suitors. It is definitely not a pleasant task.

We wish no one were ever disappointed in his desire for a Chevrolet.

When disappointments do occur, even though the fault is not ours, our concern over them is much more real than that of the belle of the melodramas over the disappointment of her suitors.

Nevertheless, we are proud of Chevrolet's record—proud because it is also our record. We support Chevrolet 100% in its established policy of delivering to the public as many cars as possible . . . at the lowest possible price.

WE ARE PROUD OF OUR CHEVROLET SUPER SERVICE SHOP, TOO

Boy Scouts Elected To City Positions

To Take Over City Hall For Day During National Boy Scout Week, February 6-12

John Brinton, eagle scout, of 303 Winter Ave., will be the mayor of New Castle for one day, Monday, February 7.

Results of the elections held

last week in the various boy scout troops in the city were announced today by scout officials.

Next Monday the scouts of the city will take over city hall. This particular day is Civic Day, the first day of Boy Scout Week.

Mr. Brinton was elected mayor on regular ballot which required all voters to be registered. He is a member of troop 18, sponsored by the Highland U. P. church. During the summer of 1947 he represented the Lawrence County Council

at the world-wide scout jamboree in France.

Councilmen Winners

Troop 18 and 9 each elected three scouts to city positions. Winners in the race for councilmen were Duane Farrington and Jennings Grabe of troop 9. Jim Peacock of troop 18, and Harry Wright of troop 22.

Willie Peacock, also of troop 18, won the position of controller and Anthony Phillips of troop 9 was elected city treasurer.

The New Castle district of the

boy scouts is carrying out the "Adventure—That's Scouting" theme of National Boy Scout Week, February 6-12. "Adventure in Citizenship," taking over the city, is always one of the highlights of that week.

Famous Orchestra Here Thursday Night

Minneapolis Symphony, With Dmitri Mitropoulos Conducting, To Play Here

Music lovers are looking forward with anticipation to Thursday night, February 3, when the Minneapolis Symphony Orchestra plays in the Cathedral.

Dimitri Mitropoulos, world famous conductor will direct the orchestra. For both the orchestra and Mr. Mitropoulos this is a rather unusual year. It marks the 45th anniversary of the orchestra and it is the last year Mitropoulos will be its conductor. Next year he takes over the New York Philharmonic.

Four large groups will comprise the program on Thursday night. The first is an "Overture to a Comedy" by an American composer, Dr. Philip G. Clapp of the department of music, University of Iowa. The second group will be "Symphony Number 3" by Schumann. The third is the prelude to "Liebenstod" from "Tristan and Isolde" by Wagner and the fourth is the suite from "Der Rosenkavalier" by Richard Strauss.

This performance is unusual even for the Metropolitan Concert Guild, the sponsoring agency. The Minneapolis Symphony Orchestra is the type of performance one expects in the larger cities. To get it into cities the size of New Castle is out of the ordinary.

Individual seats will be sold at the door.

Would Add 400 More State Police

Governor Asks \$21,440,000 Fund Allocation For Pennsylvania State Police

HARRISBURG, Feb. 1.—(INS)—Gov. James H. Duff today asked the general assembly for a \$21,440,000 allocation for the Pennsylvania state police.

The sum includes \$4,000,000 for adding 400 more men to the 1,600-man police force. Duff said the additional men were necessary to bring about greater safety on the highways and that the present force of state policemen is inadequate.

The governor recommended \$15,640,000, including the \$4,000,000 for extra policemen, be paid from the motor license fund and the remaining \$5,800,000 be carried by the general fund.

The police budget for the biennium June 1, 1949 to May 31, 1951 of \$21,440,000 compares to \$15,000,000 for the present two year period ending May 31.

A break-down of the budget figures shows that if the police force was maintained at present strength the governor's request would still be \$2,440,000 above the rate for the present biennium.

"The state police with its present force will require a considerable increase in appropriation due to the general salary increases during this administration and increase in other costs," Duff declared.

Asks State Funds To Continue School Health Examinations

HARRISBURG, Feb. 1.—(INS)—A \$6,400,000 appropriation to continue the school health examination program and \$400,000 for cancer research were called for today by Gov. James H. Duff.

The governor's budget asked \$1,400,000 less for the next two years than the \$7,000,000 appropriation of the present biennium. Duff explained the drop was due to "the difficulty experienced in securing the necessary number of nurses for this work."

"You Take Care Of Your Little Brother"

Grown-ups are likely to get sentimental when they see a youngster taking care of his younger brother or sister. And there's little question but that it's a good experience for children to take this responsibility now and then.

It is better, however, to avoid having a younger child be under the care of an older brother and sister for long periods of time. No matter how fond the older youngsters may be of "the small fry," too much interference with normal play activities and association with those of their own age is not good. Very frequently when youngsters are made responsible for child care over long periods of time, they will develop resentment and consequently dislike for the child who ties them down. And in many instances they will be looked down on by friends as being mere nursemaids, ties, then, stagger the times when older children are responsible for the younger. Even if they seem to be enjoying the job, a time will come when they feel that it is too much of a good thing. If you want to maintain friendly feelings among your children, this is a good point to keep in mind.

France Asked About Exporting Steel To United States

PARIS, Feb. 1.—(INS)—Diplomatic sources in Paris disclosed today that American officials have asked the French government whether France can guarantee to export two million tons of steel annually to the United States.

The French have been told that if France can promise to deliver this amount to the U. S. on a permanent basis, the American government will reconsider plans for further increasing Germany's steel production level.

This is understood to be the U. S. answer to French protests against reported Anglo-American plans to increase German steel production from the present 10,700,000 tons annual level to 14,000,000 tons.

Tear Gas Bombing Breaks Up Fascist Meeting In London

LONDON, Feb. 1.—(INS)—More than 100 persons required first-aid treatment last night in the aftermath of a tear gas bombing and fistfight at a London rally of Sir Oswald Mosley's British Fascists.

Mosley, would-be fuhrer of a Fascist Britain, was addressing a rally of his followers in the Kensington town hall when an unknown person hurled the tear gas bomb from the balcony.

Within a few moments the fumes filled the hall, forcing panicky and weeping members of the audience outside, where a meeting of anti-Fascists was taking place. Fist-fighting immediately broke out, and police arrested a number of persons.

Report Of Rescue Of Fliers Untrue

LONDON, Feb. 1.—(INS)—United States Air Force headquarters said today a report that survivors of a downed American superfortress had been rescued near the Canary Islands apparently is not true.

The Air Force said it has been unable to confirm the report after a thorough check.

Meantime, twelve American and six British bombers scoured the Bay of Biscay, hundreds of miles to the north, on the chance that the plane might have gone down there.

If survivors of the ship are in this area, headquarters pointed out, their chances of rescue are enhanced. The British home fleet is conducting exercises in the area en route to the Mediterranean.

GIVING BRIDE PERSONAL GIFT

"Prior to our recent engagement, my fiancée occasionally accepted lunch and dinner dates from a man (25 years her senior) working in her office. Now, this man, on hearing of our impending marriage, expressed a desire to give my fiancée a personal wedding gift. We are both undecided as to whether a personal gift is correct. (Although she looks upon this man merely as a good friend (which he appears to be) he had asked her to marry him. I might add that he shows no bitterness toward me nor our engagement. It seems to me, however, that a personal gift is not in very good taste. What do you think?"

Answer: The question of taste in this matter would be contingent upon the type of "personal" gift. It must not, of course, be wearing apparel or costly jewelry. The latter might be permissible if this man were an old friend of the family; but his position of rejected admirer precludes the possibility of his gift being presented on a strictly platonic basis.

While he would do better to cling to the more conventional type of wedding gift (something for the bride's new home which the groom might share), he might correctly give her some such thing as a bottle of perfume or toiletries for her bureau. This he might do if he is determined that his gift shall be enjoyed by the bride only. It seems to me that you have little to fear from this man. You got the girl—didn't you?

Question: When a bride displays her gifts, may checks be included? I have received a number of them from my relatives.

Answer: Do not put you checks on display. When showing your gifts to your friends, you might mention the checks if you particularly want them to know.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers enclosing stamped, addressed envelopes.

Daniels Promoted To Canton Plant

After five years service at the New Castle plant, United Engineering and Foundry company, Stan Daniels has been promoted and assigned to the Canton, O. plant.

Mr. Daniels has been assistant supervisor of production here. He becomes supervisor of production in the Canton plant.

Since coming to New Castle, Mr. Daniels has made many friends. He has been the chairman of the program committee of the Foremen's Club, married a New Castle girl and for the past year has resided on Glenmore boulevard.

He assumed his new position today. Mrs. Daniels will leave later after their home on Glenmore boulevard has been disposed of.

GORILLA ON DIET
CHICAGO—Bushman, the Lincoln Park Zoo's prize gorilla, is going on a diet. His daily feedings will consist of only 22 pounds of fresh fruit, vegetables and bread washed down with three quarts of milk. Attendant say it would be unhealthy for the aging gorilla to get any heavier than his present 550 pounds.

Executive Budget
For \$936,200,000

ALBANY, N. Y., Feb. 1.—(INS)—Gov. Thomas E. Dewey submitted to the New York legislature today a \$936,200,000 executive budget—the largest in history—and recommendations for additional taxes totaling \$168,200,000—also an all time high.

The proposed 1949-50 state budget exceeds the current budget total by \$123,880,520. The bulk of the increase is due to a jump of \$100,000,000 in aid to education and a sharp rise in capital construction, including mental hospitals and highways.

The 1948 Republican presidential nominee asserted that the tax increases are necessary "to furnish proper governmental services for the people of New York."

The governor noted that revenue this year fell \$28,700,000 short of estimates but said that expenditures also were lower by \$25,100,000.

Employ Handicapped
Committee Meeting

Members of the local employ the physically handicapped committee recently had a regular meeting at the Pennsylvania State Employment office.

As a result of the success of last year's drive in October to have as many handicapped persons as possible secure jobs with local employers, the committee, at that time, decided to hold regular meetings throughout the year.

Chairman Wesley Davy presided. Thomas Flanagan, Worrel Jones, Frank Sargent, George Gettings, Ralph Jordan and Jerome Daugherty were the members present. Mr. Gettings, manager of the local employment office, discussed recent general trends in employment here and how it affects the handicapped person seeking a job.

Mr. Daugherty, of the same office, gave a report on the number of handicapped persons employed during the month of October and November. Fourteen handicapped persons were placed during that period, six of them veterans. At present, there are 38 handicapped veterans seeking work locally.

Plans were made to hold another meeting in three months.

WIFE AFTER FORTY

A wife is pretty lucky to survive all the dangers of life till she reaches middle age.

There is usually some damage somewhere. Perhaps she does not know about it but her doctor probably knows.

Some of the diseases or troubles of middle age may be prevented or avoided.

Obesity means too much fat. A good bit of trouble may be avoided if obesity is prevented.

It seems to be much better to keep that slim or slightly plump figure than to get fat.

Beauty parlors are fine but some attention should be paid to what is under the skin too.

Around Hollywood

By FRANK NEILL
(International News Service Staff Correspondent)

HOLLYWOOD, Feb. 1.—The corner of Hollywood boulevard and Vine street in the heart of movie-town is called, among other things, "the crossroads of the world."

It is the stamping ground for wolves in cheap clothing who help hold up the buildings as they ogle the passing cuties and cut loose with whistles.

Here you can bet with gamblers in flashy duds who will make book on anything from horse races to the weather. Flocks of film fans cluster the sidewalks in front of the Brown Derby and other nearby bistros waiting to pounce upon movie stars for autographs.

All Look Alike

Tourists sporting dark glasses and acting like picture people stare at other tourists sporting dark glasses and acting like picture people. Women wearing slacks under ermine capes prance along. In the summer the dollies wear shorts. Once in a while a bare-footed guy ambles by.

It isn't too weird to realize that a swank hotel in the area keeps in tempo with the whacky glamour jungle surrounding it.

A fellow named Warren Howe, former Chicago hotel man now bossing the Hollywood Plaza, wasn't out of character one iota today when he came bodily to the defense of citizens who do not drink in Hollywood.

Howe, to bolster his restaurant, hostelry and bar business, has launched a one-man campaign on behalf of guys on the wagon, the ulcer brigade and chicks who are afraid to guzzle anything stronger than sody-pop.

"To make them feel at home."

"Telephone for Hattiebell Hightower!" Then, as all necks crane to see Hattiebell parade to the phone, the operator adds:

"Soon to be seen in 'The Gone With a Wind' picture" with Juan Recompense, color by technical and featuring genuine English dialogue."

Swing On Chandeliers

Swinging on chandeliers also is permitted in the Hollywood Plaza.

Upstairs, batteries of radio gag writers labor away pounding out the nation's top comedy programs. They rent suites by the month so they will be near the big radio studios. All network headquarters are within a joke or two from the hostelry.

"After writing and beating their heads together all morning, I let them come out and relax for

lunch," Howe explained. "Some of them love to chin themselves so I have installed special leather handles on the chandeliers for them."

Sometimes Howe even puts goodies and other things in the chandeliers for his writing teams.

Norway May Join

HOUSEWARMING HELD AT SURPRISE EVENT

Mr. and Mrs. Clement Gardner of 1022 Cunningham avenue were guests of honor at a surprise housewarming party Sunday afternoon.

Relatives and friends of the young couple gathered in their new residence and planned an informal program for the afternoon.

A "scavenger" hunt occupied the early afternoon hours, with Mrs. Gardner following little hints in order to find her many lovely gifts, which the guests had hidden throughout her home.

Afterwards contests were played and those winning were presented with gifts: Mrs. Rocco Viggiano, Mrs. Andrew Viggiano, Mrs. Carm Navarra, Mrs. Dom Christoffer, Mrs. Louis Maciarella, Charles Viggiano, Donnie Maciarella, Henrietta Maciarella and Deanna Christoffer.

A tasty lunch was enjoyed later served buffet style, the tables being nicely appointed in gay colors. Mrs. Clara Colella, and Mrs. Dom Christoffer were in charge of arrangements, and they were assisted in serving by Mrs. Louise Maciarella, and daughter, Theresa Maciarella.

A special gift presented to Mr. and Mrs. Gardner was presented by the latter's parents, Mr. and Mrs. Albert Colella.

Two Injured In Auto Collision

Cars Collide At Intersection Of Croton And Crawford Avenues Early Today

Two persons were injured in a collision between two autos at Croton and Crawford avenues, at 2:10 a. m. today, according to a report made to city police headquarters.

The injured were, William Linton, aged 24 years, of 214 East North street, who was treated at the Jameson Memorial hospital for a severe laceration of the nose and forehead, which required 16 sutures to close. He was admitted to the hospital, Thomas Daugherty of R.D. 5, received lesser injuries.

Linton was a passenger in an auto driven by Guy E. Withrow, of 150 Quest street, which was being operated north on Croton avenue. According to the police report, his headlights went out, leaving only the parking lights. This occurred at the railroad crossing at the foot of Croton hill. Leo Roberts, of 708 Cleveland avenue, was driving south on Croton avenue, and went to make a left turn into Crawford avenue. He failed to notice the Withrow car, and the two collided.

Thirty Chicago Students Affected By Gas Fumes

CHICAGO, Feb. 1. — (INS) — Thirty students at Kelyvn High school were overcome today by escaping gas fumes.

Other students carried those overcome to the street. Teachers led the remaining students out in

orderly fire drill fashion. Five inhalator squads responded and revived the stricken boys and girls.

Doris Toltenberg, a student, said: "We were on the first floor, when suddenly we smelled gas. 'Somebody said the fumes came from one of the science laboratories, but others said they were from the engine room in the basement."

French Reaction To Stalin's Offer

Double Game Of Stalin And Molotov Is Seen By Press Of Paris

PARIS, Feb. 1.—(INS)—French newspapers speculated today on the significance of Soviet Premier Stalin's statement to International News Service, with general agreement that his words must first be backed by deeds before they can be accepted.

One commentator, Foreign Affairs Expert Pertinax, drew the inference that Stalin's policy on lifting the Berlin blockade has hardened. Pertinax based this view on Stalin's declaration that establishment of a west German state must be delayed before the blockade can be lifted. He said this is the first time Russia has made such a demand formally.

The newspaper Paris-Presse con-

trasted Stalin's soft speaking reply to INS European General Manager Kingsbury Smith's questions with the fierce accusations against the west launched recently by Soviet Foreign Minister Molotov.

This led Paris-Presse to conclude that Stalin is "once again playing the role of a benevolent conciliator, while Molotov or the services he directs maintain their traditional role as realistic negotiators."

Blame Placed On Death Car Driver

Coroner's Jury Returns Verdict In Death Of Romeo Vati Last Night

INQUEST HELD IN MANTZ'S OFFICE

Following the hearing of testimony at an inquest conducted by Coroner Charles E. Allen, in the office of Alderman L. C. Mantz, Monday evening, a coroner's jury placed the blame for the collision, which resulted fatally for Romeo Vati, of 1313 Pennsylvania avenue, on the driver of the car in which Vati was a passenger. The fatal collision occurred about 1 a. m., December 23, 1948.

Vati sustained a fracture of the skull and broken neck and was dead on arrival at the Jameson Memorial hospital, Dr. George S. Jones, who examined him at the hospital, stated.

Verdict of Jury

The verdict returned by the jury stated that "We the coroner's jury called to investigate the cause of the death of Romeo Vati, on the morning of December 23, 1948, find that the deceased came to his death at or near the intersection of East Washington street and Butler avenue, New Castle, Pa., from injuries incurred when the car in which he was riding, struck an automobile carrier driven by Elzie Young. From the testimony adduced and the picture exhibits of the cars, taken after the accident, we can only assume that Sam Yanessa, driver of the car in which Romeo Vati was killed, drove the car in a negligent manner and at a high rate of speed."

The jury was composed of Carl L. Leathers, David J. Tucker, Frank L. Doerr, M. Richard Hietsch, Dean E. Smith and Bart Richards.

Herbert Pears, James Pears, Carmen Lombardo, who were in a car which had stopped for the light to change, facing southwest on Butler avenue, stated that Mr. Young, driver of an auto convoy, came up Washington street, traveling east, and appeared to make the turn onto Butler avenue, after the light had changed to permit traffic to go east and west on Washington street. The car driven by Yanessa, came down East Washington street, traveling west, and crashed into the front of the tractor of the auto convoy, causing it to swerve to the left, and strike the front end of their car, crushing it against a telephone pole, and demolishing it beyond repair.

Officers Testify

Officers Walter Tewell and Clark Davis, told of being called to the scene and assisting in the removal of the injured men, calling ambulances and seeing that they were taken to the hospital, while a second cruiser car containing Lt. George S. Kennedy and Officer Llewellyn came to the scene later, and took charge of the situation.

W. Clayton Bryan, of the Nash Motor Sales Co., whose car was parked behind that of Herbert Pears, told of calling the police and reporting the accident after it had occurred, and of assisting to take care of the injured. His car was damaged somewhat by the collision, the Pears car being knocked into the front end of his car, he stated.

Frank Carvaricci, of 516 Electric street, owner of the car, which was driven by Sam Yanessa, and which collided with the auto convoy, stated that the group in his car had left the New Life restaurant on Long avenue about 12:30, to go for a ride. They drove uptown, secured gas at a station near the bus depot, and then drove back down Jefferson and Moravia street to the viaduct. They drove as far as the entrance to the Hudson plant, where Yanessa took over the wheel, and the party returned to Washington street, down Long and Moravia, drove up Long avenue and turned right, down Washington street to Butler, where the collision occurred. They left the Hudson plant at one o'clock, it was testified, and police records showed that the collision was reported to them at 1:08. James Elias, and Joseph Vitale, who were also passengers in the car, told virtually the same story. They estimated their speed at 20 to 25 miles an hour.

Pictures Shown

Pictures taken at the scene of the accident by Charles Snyder News photographer, were presented as evidence by James E. Leasure. News photographer, showing the accident scene and the condition of the cars involved.

Elzie Young, driver of the auto convoy, stated that he had come up over the Washington street hill, averaging about five miles an hour, had changed gears after reaching the level, and was approaching the light at East Washington and Butler. Noticing the light was red, he had virtually slowed to a stop, when it changed to green and that he had proceeded on through the intersection, where he made the turn. He stated that his tractor was struck at the right front wheel by the car driven by Yanessa, and was driven across the street, into the Pears cars. He stated that his car was driven sideways across the street for five to eight feet.

More Powerful A-Bombs Being Produced Now

WASHINGTON, Feb. 1.—(INS)—The Atomic Energy commission disclosed Monday that the United States has greatly improved production methods and stepped up destructive power of A-bombs to assure continued world leadership.

Moreover, to make certain that America will be fully aware of atomic developments in Russia and all other foreign countries, the commission has appointed a "director of intelligence."

This official is Dr. Walter F. Colby, former University of Michigan physics professor. His chief duty will be to supervise a worldwide intelligence system designed to gauge the standings in the hectic global race for atomic supremacy.

The commission declared that engineering achievements have resulted not only in streamlined production facilities but in sharply increased "serviceability" of atomic bombs.

More Powerful Bombs
In layman's language, this means that the A-bombs now being produced are many times more powerful than the missiles which blasted Hiroshima and Nagasaki and hastened the end of World War II.

The commission predicted that the United States will not only maintain but increase the lead she has held since man first harnessed atomic power.

The rosy picture of the nation's atomic program was contained in the commission's fifth semi-annual report to Congress. The report's 212 pages reveals:

Situation Improved
1. "The weapons situation has been greatly improved" and bombs developed since the Bikini tests "show a substantial gain" in power.

2. By the end of 1948 the program reached a momentum which, if sustained, "the commission believes will maintain and increase the nation's lead in atomic energy development."

3. Development of nuclear reactors to produce power and breed new fissionable materials "is being vigorously prosecuted."

4. The "trouble spots" which threatened to paralyze the program during the changeover from wartime to peacetime operation have been "largely eliminated."

Commission Chairman David E. Lilienthal hailed the report as "a turning point" in atomic progress at a news seminar on its contents. He said it shows the peacetime program is now "rolling" and gives "cause for some satisfaction."

Lilienthal disclosed that within the next six months secrecy restriction will be removed from a great mass of now-secret atomic information.

Saturation Point Reached In Taxation Says Hoover

WASHINGTON, Feb. 1.—(INS)—Former President Herbert Hoover told the house expenditures committee Monday that taxation in the United States has "reached the saturation point."

He urged that President Truman be given sweeping power to reorganize the executive branch of the government to cut down costs, and said "this is the only way out."

The only living ex-president insisted that, over a period of time, "billions of dollars" could be saved by an orderly reshuffling of the sprawling mass of 1,800 government agencies and bureaus.

Blames Poor Organization
Hoover blamed the poor organization of the government for high costs. Asked if he thought that government costs of today are too high, he replied:

"I certainly think so but I wouldn't want to make that in the form of an accusation."
In a wholly non-partisan appeal, Hoover advocated passage by con-

gress of the administration bill giving the president power to reorganize the entire executive establishment as he sees fit, subject to a veto by congress within 60 days of each reorganization plan.

In stressing the need for savings in government, he said: "I believe this country has reached the saturation point by taxation."

He declined to enlarge on the point. In reply to questions by reporters, he replied that the subject under consideration was "government reorganization rather than taxation."

Hopeless In Way of Economy
The former president branded the present form of the government as "hopeless in the way of economy." He said that, to achieve economies, the government would have to be revamped in an orderly pattern.

Declaring that "the situation has become intolerable," he said that "one of the greatest causes of waste and inefficiency is the power in the hands of subordinate officials." To correct this situation, he declared:

"A line of authority must be established reaching from the president down to the last employee."

Hoover declared that the first step in reorganizing the executive branch of the government must be to empower President Truman to carry out changes on his own initiative.

Before House Committee
Hoover, who is serving as head of the bipartisan commission on reorganizing executive agencies, testified before the house expenditures committee which is considering a bill restoring presidential authority to order consolidations and elimination of bureaus.

The former chief executive told the house group that recommendations to be made by his commission would supplement the changes initiated by the president.

The proposed measure would enable the president to reorganize agencies by executive order which if not rejected by both the senate and house within 60 days would become effective as law. Hoover commented:

"This is no creation of dictatorial powers. This bill proposes that the president take the initiative and

propose plans for the redistribution of executive agencies to the congress and that congress reserve a veto power over such plans that he may propose. The sole purposes are to reduce expenses, gain efficiency and make life easier for the citizen in his dealings with the government."

He declared that congressional action will be required for some reorganization measures because "aside from multiplicity and overlap in these agencies, their officials are like Gulliver, enmeshed by thousands of strands red tape which paralyzes the best of them."

He recommended that the president be given authority to strip executive functions from quasi-judicial agencies such as the federal trade commission, the maritime commission, the interstate commerce commission and similar groups.

Congressional leaders have advocated that such agencies be exempt under the proposed act.

Clothes Rationing Change In Britain

LONDON, Feb. 1.—(INS)—The British government announced sweeping changes in clothes rationing making it easier for men and women to get woolen suits and overcoats.

Men's suits and overcoats made of wool were taken off the ration list yesterday as were women's clothes of woven woolen cloth.

Ration requirements for fur garments were cut in half.

It was the first time in eight years that such clothing could be obtained in Britain without ration coupons.

Vermont was an independent state for 14 years before being recognized by Congress March 4, 1791, and admitted to the Union as the 14th state.

Abolish 2,500 Jobs In Shakeup In V.A.

**Reduction Made To Cut Red Tape
And Increase Efficiency, It
Is Announced**

WASHINGTON, Feb. 1.—(INS)—The Veterans Administration on Monday shook up its administrative system and abolished 2,500 jobs in the field service.

The agency said the personnel reduction will save \$10,000,000 annually.

Veterans Administrator Carl R. Gray, Jr., said the reduction is designed to cut red tape, increase efficiency, and save money.

Affected are 13 VA branch offices in major cities which are to be redesignated as district offices and whose functions will be sharply curtailed.

These offices originally held supervisory control over the regional offices throughout the country. Gray said that today, when his order goes into effect, the branch offices will only have control over national service life insurance and death claims transactions.

To Increase Efficiency
Regional offices will now be permitted to communicate directly with Washington on other veterans matters, Gray declared.

"I believe this will increase efficiency in operations, avoid the overlapping of responsibilities, and make it possible to utilize personnel more economically now that we have reached a leveling off point in our operations."

VA offices affected by Gray's action are located in Boston, New York City, Philadelphia, Columbus, Ohio; Chicago; Denver; Minneapolis; San Francisco; Seattle; Dallas; Richmond, Va.; St. Louis and Atlanta.

Gray said the complete reduction will be accomplished by July 1 and said that many of the persons who lose their jobs will be absorbed in other VA operations.

As part of a general economy drive, Gray last month halted the construction of 24 proposed hospitals and reduced the size of 14 others. The VA said this action was calculated to save approximately \$288,000,000.

Three Hospitals In Lawrence Co. On Approved List

Lawrence county's three hospitals have again been approved by the American College of Surgeons. The approval for 1949 is released today.

Jameson Memorial and the New Castle hospitals of New Castle, and the Ellwood City hospital and

the Mary Evans Maternity unit are all given the stamp of approval by the college. The approval means that the hospitals conform to the rigid standards of the American College of Surgeons and are listed with 3,147 other modern hospitals in the United States as being modern and efficient.

Approval from the American College of Surgeons is won only by conformity to 10 requirements. They include modern physical plant, clearly defined organization, carefully selected governing board, competent chief executive officer or administrator, adequate

and efficient personnel, organized medical staff of ethical, competent physicians and surgeons, adequate diagnostic and therapeutic facilities, accurate complete medical records, regular group conferences and a humanitarian spirit.

In the case of the Jameson Memorial hospital and the New

Castle, they are approved not only as hospitals, but as schools of nursing approved by the State Board of Nurse Examiners.

DETROIT—A total of 1,239,642 motor buses and trucks were produced in the U.S. in 1947. The previous record was set in 1941, when 1,060,820 were produced.

YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY-

Here's Good News!

Are you between the ages of 38 and 52 and going through that trying functional "middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel clammy, so nervous, irritable, weak? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It's famous for this!

Many wise "middle-age" women take Pinkham's Compound regularly to help build up resistance against this distress.

Pinkham's Compound contains no opiates—no habit-forming drugs. It

helps nature (you know what we mean!). This great medicine also has what Doctors call a stomachic tonic effect.

Gen. Chennault Presents Changes On U. S. Policy

Says U.S. Losing Pacific War Because Of State Department Policy On China

NEW YORK, Feb. 1.—(INS)—Gen. Claire Lee Chennault charged that "the United States is losing the Pacific war" because of the State department policy toward China.

The former head of the famed "Flying Tigers" and operator of China's leading airline made known his observations in the book, "Way of a Fighter," published today by G. P. Putnam's Sons.

In his attack on the State department, the general said its China role was played by "incompetent scrubs, not deemed fit to play in the European game, while men of (Gen. Albert) Wedemeyer's caliber and ability sit on the sidelines."

He blamed the late Gen. Joseph W. Stilwell for many of China's woes. Chennault charged that Stilwell, by plotting with Kuomintang reactionaries, swept "the best element of leadership in both the government and army" into exile and thus is to blame for the present inefficiency of the Chinese government.

Chennault said the Civil War

truce imposed by Gen. George C. Marshall in China, under orders, came at a time when Gen. Chiang Kai Shek's armies were on the verge of decisive victories over the Communists. He asserted that under the truce, a million Communists were permitted to return to Manchuria where they were able to begin their new offensive.

Forest And Water Allocations Made

HARRISBURG, Feb. 1.—(INS)—Allocations to the State Forests and Waters department totaling \$1,277,000 for conservation were reported today by Gov. James H. Duff.

They were: water quality study, \$87,000; Dilldown Nursery, \$10,000; state nurseries, \$350,000; equipment for use in parks, \$100,000; Laurel Hill development, \$130,000; Raccoon State Park, \$600,000.

Try And Stop Me

By BENNETT CERF

Maurice Sterne, the artist, said that his most embarrassing moment came when he tapped a lady on the shoulder at an exhibit and remarked, "You look a great deal like my old pupil, Dorothy Yardley. Are you any relation?" The lady regarded him coldly and said, "Mr. Sterne, I am Dorothy Yardley."

Harpo Marx pointed out that Sterne's embarrassment was nothing like him, the night he lugged his harp 12 miles to a party—and never was asked to play! Gene Fowler once conducted a contest for "embarrassing moments" on a tabloid newspaper, offering a dollar each for letters printed. One contestant wrote, "I came home early last night and found my best friend kissing my wife. I was terribly embarrassed. Please send me two dollars, as my wife also was embarrassed."

Fowler sent a check for three dollars. "I have an idea," he wrote, "that your best friend was embarrassed too."

BUILT-INS SUGGESTED AS HANDY SPACE SAVERS

Built-ins are space savers. During the winter months when men have more time to make home repairs, is the time to build conveniences.

Built-ins can utilize the most space to the best advantage in a house. Unless a house has been modernized recently there may be much space to be put to use for more comfort and convenience. Built-in dressing units, closets, ironing boards, drop shelves, and book cases, when well planned, can add not only to the convenience but the attractiveness of rooms.

An alcove or niche in a room may become a book case or built-in desk and book shelves. It is often possible to combine furniture

with built-ins. Open shelves for books, a radio, and some accessories, such as vases, may be combined with a chest of drawers. Ornate or bulky pieces of furniture may be stripped of many of the unattractive parts and combined with built-ins or refinished and used by themselves.

A homemaker with imagination, ingenuity, and good planning ability can always see possibilities and often make something from almost nothing.

A bulletin "Convenient Kitchens" is available upon request and does contain many ideas on improving the kitchen.

Youth Hear Dr. Orr At Central Church

Shenango Presbytery Group Has
Quarterly Assembly On
Sunday

Roy Meehan, Ellwood City, moderator, presided Sunday when 200 young people of Shenango Presbytery gathered in Central Presbyterian church, this city.

Dr. William Orr, member of the faculty of Western Theological seminary, Pittsburgh, was the evening's main speaker. Dr. Orr's theme was "Let God Speak."

Miss Mary Ethel Anderson offered "In Thy Hand" as a vocal solo with Miss Colleen Magee as accompanist. Both young women are from Slippery Rock Presbyterian church.

Dr. Robert M. Patterson, pastor of the host church, welcomed the group. Mr. Meehan asked the youth to promote the sale of subscriptions to the new Presbyterian magazine among people of their churches. This will be the project for the next quarter for the young people of Shenango Presbytery who will assemble again in April.

New Cabinet Take Office In Paraguay

ASUNCION, Paraguay, Feb. 1.—(INS)—Paraguay's provisional president administered the oath of office Monday to a new cabinet to succeed the regime of ex-President Natalicio Gonzalez, which was overthrown yesterday.

President Raimundo Rolon, a general in the Paraguayan army, was unanimously proclaimed head of the government last night by the National Assembly. Heading Rolon's cabinet is Jua Oleari as foreign minister.

The Gonzalez government, which had held office five months, fell in a bloodless two-day coup.

Issue Is Seen In Publishing Number Of Bombs

DETROIT, Feb. 1.—(INS)—Sen. Brien McMahon (D) Conn., chairman of the Atomic Energy committee, declared Monday that whether the number of atomic bombs possessed by America should be published is "a tremendously important issue."

He said he himself does not know if the U. S. has "five bombs or fifty bombs or five hundred bombs."

The Senator told the Economic

Club of Detroit that he himself has not yet decided if the information should be made public. He said that the problem was weighted heavily on his mind and that it will cause the committee "more anxious concern than any other."

Talking About Number
McMahon emphasized that he was not talking about publication of technical knowledge about the bomb, but about the number of bombs now in the country's atomic storehouses. He asserted:

"Perhaps our military needs absolutely dictate that atomic production figures be kept secret."

"But if such is the case . . . we are taking a calculated risk. We are risking the tested, traditional principles of free and constitutional government. In my opinion we

must be sure . . . that we take the risk with our eyes open."

The senator said that "Congress has only a most general idea of what the atomic package contains." He added:

"So far as atomic energy is concerned, Congress simply lacks sufficient knowledge upon which to discharge its own constitutional duties."

CHARGE AUTO THEFT

George Hemphill, Whippo street, has been charged by Police Lieutenant George S. Kennedy with the theft of an auto owned by Humbert Gianni, of North Liberty street at 3:20 a. m. Monday. He was arrested by city police on information received. Hemphill was charged with the offense before Alderman J. C. Kennedy, and waived a hearing for court. He was held in default of \$500 bail.

Sports Writers Pay Tribute To Mel Ott

By LAWTON CARVER
(International News Service Sports Editor)

NEW YORK, Feb. 1.—The cold-blooded business known as baseball sometimes manages to muster a touch of genuine sentiment that has nothing to do with honoring a reigning headline-maker. An event along those lines has just taken place in our cold-blooded big town.

The cold-blooded baseball writers—who will knock your brains out on their typewriters if you've got it coming to you—pitched a party for a has-been, which was a fine testimonial to the character of the recipient.

There was friendship for Mel Ott in this party where big shots, minor figures, and the press gathered to say farewell to one of the city's enduring sports heroes.

To Assist Hubbell
He will be in and out of New York from time to time in the future, but he no longer will be a vital part of the baseball scene at the Polo Grounds and at the nation's other major league ball parks.

He will be helping Carl Hubbell in operating of the Giants' farms scattered about the country, and his job will be to go off beating the bushes here, there and everywhere and to grow crops of the talent so badly needed by the club he has served so long.

This guy never really had a childhood. He has been a giant since the day he came up as a chubby 16-year-old catcher from Gretna, La.

Real Slugger
John McGraw took a look or two at him and converted him into an outfielder who slugged with the

best of them through the years. He was by far the greatest slugger ever to wear the Giants uniform and, of course, one of the best in baseball.

The baseball hero of all the kids back in what might be called another generation—when he was doing what every other kid of his age would have nearly died to do—became manager of the club in 1942.

It generally is conceded that he never had much to work with. The Giants had begun to run down at the heels before he took them.

Never Had Pitching
Ott lined up some great sluggers, but never had the kind of pitching needed to win pennants, and his best finish as pilot of the club was third in his first year.

They not only failed to get that high again, but twice finished in the cellar.

The bombshell dropped last July when the inevitable announcement came that Ott was fired as manager. To make it worse, he was succeeded by Leo Durocher, until then of the Dodgers, with whom the Giants have had a feud—real or imaginary—through the years.

Friendship Last
Thus Ott passed on from the scene he had adorned so admirably for so long, but the friendships he built up through the years, the abiding affection felt for him as a man, never wavered and finally after all the shooting and shouting were over they bought him a meal.

In so doing the baseball writers didn't honor some one riding the crest. They picked a guy in Ott whom they had liked since he was, in a manner of speaking, a baby.

Philly Writers Stage Banquet

Give Acclaim To Lou Boudreau And Gene Bearden, Veeck Steals Show

PHILADELPHIA, Feb. 1.—(INS)—The Philadelphia Sportswriters association held its annual banquet at a midcity hotel last night, but it might have just as well moved the affair to Cleveland.

The Indians stole the limelight as Manager Lou Boudreau was honored as the outstanding athlete of 1948.

Hank Greenberg, vice president of the club, accepted the "most courageous athlete" award on behalf of the Indians' stellar hurler Gene Bearden.

The three big guns from Cleveland all but drowned out the lone Philadelphiaan to come in for a citation—Chuck Bednerik, Penn's All-American center, who was voted the lineman of the year for the second straight time.

TWO MORE BUCS SIGN
PITTSBURGH, Feb. 1.—(INS)—Pitcher Ernie Bonham and infielder Pete Catigione returned signed contracts to the Pirates office in Pittsburgh today. They are 15th and 16th Bucros to sign for the coming season.

Colorado Engineer Believes It
High Time For Myth About
Texas To Be Exploded

DENVER—(INS)—Denver me-
chanical engineer Thomas B. Bur-
niste—along with other Coloradans
—believes that it's high time an
old myth about Texas be exploded.

For these many years, paraisms
of the Lone Star state have boasted
that it is the largest state in the
union.
